Title: W. Wallace Cleland Papers

Dates: 1968-2013

Physical Description: 23 boxes

Biographical Note: William Wallace Cleland was one of the nation's foremost researchers, collectors and writers on the subject of plate number and marginal markings of U.S. postage and revenue stamps. Cleland contributed more than 300 articles to *The United States Specialist* over four decades, covering on plate numbers and markings, coil production, Series of 1922 production, the Washington-Franklin Coil Waste Issues, and revenue stamps and plate markings. Cleland also authored twelve United States Stamp Society research papers and the B.I.A. Plate Number Checklist, 1–20,000, and served as Durland Standard Plate Number Catalog editor from 1994-2012.

Abstract: This collection comprises W. Wallace Cleland's personal philatelic research files. Most of the material relates to plate numbers and markings as well as coil production.

Types of material: The collection contains papers as well as photographs and slides. The papers include articles published by Wallace Cleland, financial records, Bureau Issues Association records, and correspondence.

Publications Removed and Added to the APRL Collection: See Appendix.

Subjects: Coils, Plate Blocks and Numbers, Production, United States.

Call Number: APRL Archives R9 P2 S4-6

Provenance: Donated to the APRL by the estate of W. Wallace Cleland, August 2013.

Preferred Citation: [Box # or item name], W. Wallace Cleland Papers, American Philatelic Research Library, Bellefonte, Pa.
