Title: Belmont Faries Papers

Dates:

Physical Description: 29 boxes

Biographical Note:

Abstract: The bulk of Belmont Faries' papers acquired by the APRL have been incorporated into the U.S. Stamp Files, where they are identified by blue labels. The papers are arranged in folders by Scott Catalogue number, if applicable, or by subject. The Scott numbered files include press releases, first day ceremony programs, correspondence, Faries' notes and manuscripts, press photos, newspaper and magazine clippings, and other material related to stamp issues. The subject files include Faries' clippings on a variety of philatelic subjects as well as notes and minutes from Citizens Stamp Advisory Committee (CSAC) meetings. The USPS has given the APRL permission to make CSAC minutes available for research after 25 years, and all of these files are more than 25 years old.

The papers contained in these boxes and described by this finding guide include:

- seven boxes of papers relevant to philately examined and inventoried by volunteers in July 2016;
- three boxes of Faries' personal, non-philatelic papers and correspondence;
- six boxes of miscellaneous material examined but not sorted or inventoried (these include miscellaneous clippings of minimal research value, but also correspondence, press releases, and other material that should be incorporated into the inventory);
- twelve boxes of papers not yet examined, sorted, or inventoried; and
- one box of souvenir sheets.

Types of Material: Papers, clippings, correspondence, photos.

Subjects: Faries, Belmont; United States; Citizens Stamp Advisory Committee; United States Postal Service; Designs

Call Number: APRL Archives: R7 P1 S5 Faries; R8 P6 S6 Faries; R8 P7 S1–6 Faries; R9 P7 S3 Faries; Counter Faries
